Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Monday 18 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Becoming cloudy with rain, brighter later.

Today:
Fog clearing to some sunny intervals this morning. Becoming breezy with cloud thickening, and further outbreaks of rain arriving around lunchtime. Later, drier away from the west, where it'll remain cloudy with outbreaks of light rain. Maximum temperature 17 deg C (63 deg F).

Tonight:
Becoming dry this evening for all parts with clear spells developing in the east. Cloud will build from the west overnight with light rain possible over high ground by dawn. Minimum temperature 10 deg C (50 deg F).

Tuesday:
Bands of persistent and at times heavy rain will move east across the region on a fresh breeze through the day. Perhaps becoming drier for a time later. Mild. Maximum temperature 18 deg C (64 deg F).

Outlook for Wednesday to Friday:
Unsettled and windy on Wednesday and Thursday, with spells of rain, these heavy at times. Temperatures starting well above average, becoming cool from Thursday. Brighter with patchy light showers Friday.
